REVISED
MASTER PLAN FOR CIVIL DEFENCE
2003

Guidelines for State Governments and
UT. Administrations

Directorate General of Civil Defence
Ministry of Home Affairs
New Delhi - 110011

and means for filling up the gaps, as soon as possible. The unit and scales of manpower requirement have been worked out on the assumption that the maintenance of paid personnel will be reduced to the barest minimum and that reliance will be placed on volunteers.

4. The 'Secret' classification allotted to the previous edition of the 'Master Plan for Civil Defence' has been removed and this revised and abridged edition has been marked 'for official use only'.

5. The changes in scales of Civil Defence services issued up to 1st October 1964 have been incorporated in the revised edition.

6. Comments and suggestions for improving the Handbook will be welcome.

BISHAN CHANDRA,
Deputy Secretary
Ministry of Home Affairs
Government of India

NEW DELHI-11
Nov., 1965.

PREFACE

In revising the 'Master Plan for Civil Defence and making it up-to-date in respect of units and Scales, opportunity has been taken to simplify the contents and to abridge the 26 parts of Appendix 'G' into one Appendix. As a further step towards simplification, the details of establishment in respect of Grades 'A' and 'B' towns with one lakh and 12 lakhs population have been excluded. It is considered with fixing the scales of personnel and equipment for small units of population, the requirement of towns with varying figures of population can be met without any reference to the specimen establishment for towns having one lakh and 12 lakhs population.

2. The Handbmook is intended to standardize the practice and procedure in preparing Civil Defence plans. The action to be taken by the State Governments and the local authorities for drawing up Civil Defence plan for a town and the stages in which the establishment and equipment for the various Civil Defence services should be built up have been indicated in part I and II of the Handbook. The organization, functions, etc. of Civil Defence services are dealt with in the 'General Principles of Civil Defence.

3. The first step in working out of requirements for a Civil Defence plan is the determination of the requirements of Civil Defence personnel, equipment, vehicles and training facilities on the basis of the units and scales. It will not be sufficient if only the requirements are worked out. It is also necessary to ascertain the available resources with a view to finding out what deficiencies have to be made up for making Civil Defence measures in the selected places efficient and effective. It is probable that the available resources will prove insufficient and the Civil Defence planners have to find out ways

**General lines of action to be taken by the State/ UT
Governments
First Stage
(Peace Time Stage)**

1. Prepare Civil Defence plan as per the existing scale and requirements.
2. Prepare/review plans every year-in the month of April- and obtain the certificates of the District Magistrates concerned to that effect. Forward a certificate to that effect to Government of India.
3. Find out the number and type of personnel required for each individual Civil Defence Service, in the State.
4. Decide the sources and method of recruitment.
5. Co- ordinate the demands of various C.D. Services in respect of buildings, equipments, vehicles, recruitment, etc.
6. Calculate resources, cost and source of supply other than the vehicles for training.
7. Work out the number and type of motor vehicles including fitments, motor cycles or bicycles and spare parts required.
8. Prepare a list of vital installations (having bearing in a war efforts of the nation) in the State which will need special precautionary measures.
9. Plan arrangements for proper storage, installation, periodical inspection and repair of the equipment, vital plants and machinery.

10. Ensure that water supply arrangements and other essential services are adequate.

11. Plan mutual assistance with neighbouring areas/ States/UTs and Industries.

12. Prepare necessary draft orders, forms and publicity literature

13. Proper secrecy wherever required should be ensured.

14. Get a nucleus of officers and instructors trained.

Second Stage (Preparatory Stage)

1. Setup State Advisory Committee to advise on Civil Defence measures.
2. Prepare detailed estimate of expenditure and get it sanctioned.
3. Appoint and enroll officers/personnel and reserves.
4. Train all instructors/officers and the personnel.
5. Indent for necessary stores, equipment and furniture required for the CD set up in the area.
6. Indent for fitments, required for the conversion of vehicles and make detailed arrangements so that vehicles can be converted at short notice.
7. Complete detailed arrangements for immediate requisitioning, structural modifications, etc. of earmarked buildings.
8. Complete installations of vital equipment like sirens, telephones and computers etc.
9. Prepare detailed plans for shelter accommodation and implement the plans as directed from time to time.
10. Make necessary arrangements for implementing all precautionary measures in the area.
11. Print necessary forms, booklets and publicity literature as already approved in the first stage in the local languages for enrolment, training of C.D. personnel and public.
12. Submit progress reports to Central Government as stipulated.

Third Stage (War Stage)

1. Mobilise the entire personnel and man various Civil Defence related Centres, Posts etc.
2. Take over buildings earmarked and complete structural precautions and alterations.
3. Take over vehicles, bicycles, motor cycles, previously earmarked and supplement any deficiency by requisitioning.
4. Carry out conversion of vehicles.
5. Ensure regular inspection of personnel, adequate care of equipment and vehicles and maintenance of proper accounts.
6. Implement plans for public shelter /accommodation.
7. Co- ordinate the work of C.D. organization with that of other voluntary organizations.
8. Enforce all Civil Defence measures as indicated by Government of India from time to time.
9. Submit progress reports to Central Government as stipulated.

**Line of action to be taken by local authorities in respect
of different Civil Defence Services**

**First Stage
(Peace Time Stage)**

1. Nominate an Officer at District Headquarters/ Metropolitan town to co- ordinate, guide and assist in the organization of Civil Defence schemes for the headquarters town and / or other towns in the District.

2. Preparation of C.D. Plans by earmarking Head of Departments, Officers in-charge of C.D. services and earmarking their responsibilities and duties.

3. Get the plan approved in principle from the State Government and review them every year in the month of April and forward a certificate to that effect to the State Government.

4. Prepare a large scale map of the town and mark out Wardens, Sectors, Posts, Divisions, Control Centre and Sub Control Centres, Depots, First-Aid Posts, sites for sirens etc. etc.

5. Survey the area for location of sirens having regard to the availability of electric current and alternative source of supply.

6. Work out the number and specification of sirens and chalk out plans for their storages, installation, periodical inspection, repairs and manning of sirens and vital equipments such as stirrup pumps etc.

7. Prepare a list of factory hooters to be included in the warning system. Work out arrangements for sounding sirens individually as well as from a remote control in the control center.

8. Estimate the overall telephone requirements. Decide their location, work out deficiency & keep the State Government informed to the additional telephones required.

9. Determine the number of Control Centre and Sub Control Centres required. Decide their location and earmark suitable buildings for use as Control Centre and Sub-Control Centres and prepare plans for security arrangements for them.

10. Work out detailed procedure and instructions for the functioning of Wardens Posts, Control Centre and Sub Control Centres, First Aid Posts, C.D. Depots, Rest Centres, etc.

11. Work out the number and type of personnel required for various Civil Defence Services including reserves and training wastages and decide the sources and method of recruitment for different Civil Defence Service. Keep ready a list of influential and suitable persons who are likely to be of help in organizing the services.

12. Find out requirements of vehicles, motor cycles, etc. for various Civil Defence Services and after taking into account the available resources, find out the deficiency. Work out a scheme in consultation with transport authorities for making up the deficiency. Plan arrangement for providing fittings and fixtures and conversions to the vehicles to suit the specific needs of Civil Defence.

13. Plan arrangements for the proper parking, garaging, periodical inspection, repairs, etc. of vehicles, motor cycles, etc.

14. Work out detailed plans for regular supply of petrol, oils, lubricants and spare parts, and frame rules to govern their day to day use.

15. Work out schemes in co-operation with transport companies and find out alternative means of transport.

16. Study type of buildings construction in the town and the nature of requisition problems likely to be met.

17. Get acquainted with the arrangements for cutting of gas, electricity and water supplies.

18. Make arrangements for setting up repair and demolition squads and work out plans for quick repairs of partially damaged houses and restoration of essential services.

19. Prepare plans for expeditious collection, identification and disposal of unclaimed dead bodies and earmark suitable sites for cremation and burial.

20. Draft orders to ensure prompt reporting by Police Stations, Hospitals, Rest Centres, First Aid Posts, etc. for information to the higher authorities and the Information Officers and dissemination of the post air raid information to the public.

21. Draw up instructions for the public and earmark alternative means of transport for disposal of refuse, etc.

22. Prepare plans for tightening of food sanitation and inspection regulations and intensifying campaigns for destruction of pests, and make the arrangements for reporting and isolating contagious cases.

23. Work out schemes for prevention of disease amongst animal's treatment and transport of injured animals and destruction and evacuation of dangerous animals in zoos and other places.

24. Prepare instructions for the householders and others for lighting restrictions in gradual stages.

25. Draft instructions for the owners of pet animals, much cattle and the farmers.

26. Prepare plans for re-devising the electric circuits to permit switching off street lighting independently of the domestic lighting.

27. Plan for crash blackout for factories engaged in production of national importance.

28. Ascertain special risks on account of chemicals, LPG etc. stocked in the town and work out general instructions to be followed for the safety and security of the public.

29. Work out detailed procedure in accordance with which the neighbouring areas would help each other. Estimate the number of different services to be earmarked for mutual aid and reinforcement.

30. Plan to have a Military Liaison Officer in the Control Centre at the time of an air raid.

31. In consultation with the local military authorities, work out schemes for assistance in fire fighting, clearing debris, repairing essential services, loan of doctors and ambulances, assistance in dealing with unexploded bombs.

32. Prepare draft forms of notifications, instructions, operational procedures, calling assistance, etc. and indicate arrangements of printing plans.

33. Work out stores, equipment (personnel and party), medical equipment, fuel, furniture, stationery, office equipment, disinfectants, chemicals, etc. for various Civil Defence services.

34. Find out sources of supply and prepare list of items not locally available and inform the State Government.

35. Prepare necessary specifications for the stores, equipment etc. to be procured locally.

36. Work out plans for providing emergency lodging, emergency clothing, emergency feeding, emergency water supply, sanitation etc. The quantity of foodstuffs, fuel and fodder may be estimated.

37. Work out plans for alternative lighting and water supply. Prepare plans for the maintenance or restoration of water supply in wells, tanks and reservoirs.

38. Standardise Procedure for Indenting, Accounting, replacement of stores and equipments etc.

39. Plan Arrangements for security prevention of loss damage, storage, repair, periodical inspection of the stores, equipment etc.

40. Carry out survey of private sources of supplies and ascertain stock position in the local market from time to time.

41. Plan co- operation schemes with industrial and commercial bodies to ensure steady flow of supplies.

42. Decide the number of training centers to be set up in different localities. Work out training syllabi and programme and refresher training courses for the members of the C.D. services as well as for the supervisory staff.

43. Ensure publicity to attract C.D. volunteers.

44. Earmark suitable building with alternative sites for locating Warden Posts, Civil Defence depots, First Aid Posts, Information Centres and Training centres.

45. Work out procedural details for the despatch and operation of Civil Defence Services at the incident centers.

46. Find out high fire risk areas such as exposed factories and their location.

47. Work out the number and size of tanks to be installed near the main fire risk areas.

48. Keep ready plans for mutual assistance and for adequate supply of pressure and water.

49. Earmark lorries and plan conversions for mounting water tanks.

Second Stage (Preparatory Stage)

1. Open Information and Recruiting Offices in various towns and conduct publicity for Civil Defence measures as approved by the Government.

2. Complete arrangements for requisition of buildings & prepare estimate for carrying out structural alterations.

3. Set up training centers to train local instructors, issue training equipment, co-ordinate training programme and keep up-to-date record of training.

4. Make full use of local voluntary organizations for training instructors and Civilian population in different services of Civil Defence.

5. Conduct regular combined exercise.

6. Educate the public & house- holders in fire prevention methods and action to be taken in case of fire.

7. Install static tanks in high fire risk areas and take necessary action to ensure adequate pressure and supply of water.

8. Make necessary arrangements in consultation with CPWD, PWD and other such agencies for structural precautions.

9. Indent standard equipments required and complete arrangements for conversion of vehicles, installation of vital equipment like telephones, sirens etc. and hold practices.

10. Mobilise a nucleus of personnel, equip a few selected centers, posts depots, etc. and carry out such alterations as may be necessary.

11. Ensure that local essential services in the towns selected for Civil Defence are brought up to the standard.

12. Print necessary identity cards, draft orders, forms, booklets, and publicity literature in local languages for enrolment, training of personnel and for distribution among the public.

13. Inform telephone authorities of the Civil Defence requirements in respect of telephones, the priority of calls, etc., and make arrangements for installation of telephones at selected centers, posts, depots, etc. which are mobilised

14. Ask P & T authorities to complete arrangements for transmission of warning messages.

15. Indent for the sirens required and fix them on buildings earmarked.

16. Make arrangements for full time manning of warning arrangement where required.

17. Teach the public the meaning and significance of different signals of sirens.

18. Make sure that recipients of messages are alert and cautions to receive the messages without delay.

19. Designate staff for "shadow control" centers.

20. Work out structural precautions and alterations required to earmark buildings for proper functioning of control and supply control centers.

21. Make arrangements for telephones wherever required.

22. Finalise arrangements with heads of essential services for posting their Liaison Officers in the Control Sub Control Centres.

23. Finalise arrangements for mutual aid and reinforcements with neighbouring Civil Defence areas.

24. Make proper security arrangements for guarding of Control and Sub-Control Centres and for regulating entry There to.

25. Keep the tally- board and other equipment ready.

26. Organise self-help parties from among the resident of locality.

27. Finalise arrangements for incident control.

28. Educate the people on the importance of lighting restrictions, emergency sanitation and other precautionary measures.

29. Take over certain percentage of vehicles, motor cars etc. Make detailed arrangements for rapid conversion of vehicles.

30. Make arrangements to ensure regular supply of petrol and spare parts. Install a certain percentage of petrol pumps and tanks where needed.

31. Arrange for parking areas for depots.

32. Assign specific duties to the volunteers of various services and drill them in taking of inventory, storing, maintaining, repacking and so on.

33. Procure equipment and other stores in order of priority and watch the progress of procurement.

34. Stock pile items previously determined and ensure resources through normal trade channels.

35. Ensure regular inspection of the equipment and its testing from time to time for its reliability in actual emergency.

36. Ensure proper replacement of articles of short life which deteriorate quickly.

37. Test the procedures for the operation and despatch of services to the scene of disaster.

38. Intensify campaigns for destructions of disease carrying pests and building up blood reserves.

39. Educate people in emergency methods of First Aid to animals and issue necessary instructions to the owners of pet animals, much cattle, transport animals etc.

40. Enlist the support of S.P.C.A. & other organizations concerned for organising relief measures for the animals .

41. Get the estimated expenditure sanctioned by the appropriate authorities.

42. Submit progress reports to the State as stipulated.

Third Stage

(War Stage)

1. Mobilise and appoint full complement of Civil Defence Defence personnel.

2. Mobilise all units and ensure functioning of Civil Defence Posts, Depots, Centres and other institutions as required.

3. Take over all buildings earmarked for Civil Defence purposes. Carry out alterations and structural precautions and install telephones.

4. Take over motor cycles and vehicles earmarked and carry out fitments.

5. Ensure co-ordination of public warning systems with the internal warning systems in factories, etc.

6. Ensure house to house propaganda and organize basic training in all institutions and organizations in the area.

7. Co-ordinate the work of Wardens service with other services of Civil Defence organizations.

8. Collect clothing by voluntary contributions and ensure adequate reserves of essential supplies through normal trade channels.

9. Distribute ambulances and other vehicles to the units requiring them.

10. Provide amenities for the Depot based personnel and make adequate arrangements for the care of their health.

11. Supervise depot routine programme for personnel and supervise training.

12. Install and fill up petrol tanks where needed.

13. Ensure regular inspection of personnel, adequate care of equipment, vehicle & maintenance of proper accounts.

14. Take over sites where mass cremation should take place. Keep ready trenches for burying estimated number of casualties.

15. Evacuate animals to safer places.

16. Destroy unwanted, unclaimed and dangerous animals.

17. Indent and issue fodder supplies and other articles.

18. Set up additional veterinary hospitals where necessary and carry out additions and alterations where necessary.

19. Enforce lighting restrictions strictly, if necessary, with the help of Police.

20. Mobilise industrial Civil Defence personnel in full and implement Civil Defence plans for the industries.

21. Intensify publicity campaigns. Secure publicity vans and display slides, posters, cartoons, etc, for publicity.

22. Submit progress report to the State as stipulated.

New Delhi-2, dt. 01.06.99

To

All Directors Civil Defence

The Chief Secretaries
of all States/UTs.

Subject: REASSESSMENT OF THE THREAT IN THE CONTEXT OF
CIVIL DEFENCE MEASURES - REVIEW AND CATEGORISED
OF CIVIL DEFENCE TOWNS REVISED LIST - 1998-99.

Sir,

I am directed to state that in view of the appreciation of the present threat, the previous list of Civil Defence Towns communicated vide letter No.VIII-11011/41/92-DGCD(CD) dated 29th August, 1995 has been revised and a revised list indicating categorisation of the towns in respect of your State/Union Territory is appended herewith.

2. It may be noted that earlier there were 162 Civil Defence Towns (Cat.IA-13, Cat.I-89 & Cat.II-60) and the strength of Civil Defence Towns has been increased and at present there are 225 (Cat.IA-13, Cat.I-104, Cat.II-97, Cat.IV-11) approved Civil Defence Towns. Some Civil Defence Towns included in the earliest list have been upgraded.

3. Your attention is drawn to master plan for Civil Defence which gives out the prescribed scales for equipment and manpower for category Civil Defence towns. In the revised list there are 11 Category-IV Civil Defence Towns. Category-IV Towns will have the following three services as recommended by Ministry of Defence vide letter No.DMW/JPC/411/dt.30th November, 1998.

- (a) Rescue service
- (b) Fire Fighting Service
- (c) Welfare Service

4. A detailed reorientation plan for the communication network should be worked out in consultation with local Department of Telecommunication.

5. As a result of the revision and recategorisation of the Civil Defence Towns, you are requested to direct the concerned authorities to prepare Civil Defence Plans and forward the report to this Office by 1st September, 1999.

Yours faithfully,

(Uma Goel)

Deputy Secretary to the Government of India
